## Amazing holidays (p.100)

1 Hi Thomas,  
country in the world. We're on the train from Toronto to Vancouver. It is a very long train journey. It takes more than three days. It is winter now, and outside there is snow everywhere. It's much colder than Britain. At the moment I can see some mountains. I think they are the Rocky Mountains. They're much taller than the hills near my house. They're beautiful. I'm really enjoying this holiday.

2 Hello Natasha,  
I'm on holiday in Göreme, a town in Turkey, with my family. It's sunny all the time. It's much hotter here than in Britain. There isn't much rain and there aren't many trees. Everything is very dry. Britain is much wetter and greener. We're staying in the best hotel in the town. It's amazing. Our room is in a cave and it's got a lovely swimming pool. It's smaller than the pool at school, but it's warm and we swim every day.
